AMENDMENT TO THE DRAWINGS

The attached sheet of drawings includes amendments to Fig. 9. Character 105 is replacing character 104 for the second (lower) supply roll. The characters now correspond to the description in the specification. Character 131 is replacing character 130 which designates the nip corresponding to incremental stretching system 132. The specification has been corrected to state that the nip is represented by character 131. A formal replacement sheet 5 with the corrected characters for Fig. 9 is included.

In Fig. 10, reference character 102 has now been described in the amended specification.

The formal drawings have been submitted. The photograph for Fig. 8 is no longer mostly black.
